

Optimize Learning Performance

Understand and address potential causes of academic under-performance

1. Mindset; persistence/grit; social emotional learning; create an understanding of why students fail and how our program can provide a pathway to success
 - Complete questionnaire to determine mindset
 - Review materials, re-evaluate
2. Visual Processing
 - Irlen Syndrome
 - Fixation, tracking, saccades
 - Processing speed
3. Auditory Processing
 - Rapid automatic naming
 - Phonemic awareness, letter sounds, sight-word vocabulary
4. Cognitive Skills
 - Gibson Test of cognitive skills (45 minutes online)
 - Brain Training (online 30-45 minutes daily, 4-5 days per week, 3-6 months)
5. Other brain processing issues
 - Brain Gym
 - Primitive reflexes
 - Brain integration therapy
 - Brain balance training
6. Supplemental academic instruction
 - Reading Kingdom
 - Let's Go Learn Reading
 - Let's Go Learn Math
 - Duolingo for ELL
7. Nutrition
 - Evaluation
 - Recommendations
8. Home life
 - Evaluation
 - Recommendations
